Frequently Asked Questions

Eligibility & Submission Rules

Q: Can adults be in my film?

A: No. Only high school students from the same school can be featured in your film. The only exception is if your film is a documentary.

Q: How short can my film be?

A: There is no minimum length, as long as your film does not exceed 10 minutes (including credits).

Q: Does my film have to be in English?

A: No, but regardless if your film is in English or another language, it must include English subtitles.

Q: Can I submit a film I made last year?

A: No, films must be made from the time you are enrolled in either your first or second semester of your current high school year.

Q: Can I make my film with students at another Ontario High School different from mine?

A: Unfortunately, all students that participate at any capacity in the making of your film must be from the same high school due to prize distribution guidelines.

Q: Can I submit my film if I am homeschooled?

A: At this time, submissions must be made through a recognized school or school board. Homeschool entries are not eligible, as prizes are awarded to the participating school department.

Film Production & Content

Q: What should I consider when titling my film?

A: Shorter titles are easier to remember and better for marketing. Try to keep it simple, creative, and unique.

Q: Can I use copyrighted music in my film?

A: While we strongly encourage the use of original or royalty-free music, we understand that high school students may have limited resources. You may use copyrighted music, but be aware that it could impact where and how your film can be screened. If possible, consider using royalty-free tracks or composing your own music to avoid any restrictions.

Q: Can I submit a film I co-directed with a team?

A: Yes! Team collaborations are encouraged, but all team members must be high school students from the same school that's submitting.

Technical Requirements, Submission Process & Screening**Q: What format should my film be in?**

A: Films must be submitted as a high-quality MP4 or .MOV file. We recommend using H.264 encoding for the best balance between quality and file size.

Q: Can I submit more than one film?

A: Yes! You can submit multiple films, but each film must be submitted separately with a separate submission form.

Q: How do we receive screening tickets if our film is selected?

A: If your film is selected, the Student Representative (the person who submitted the form) will receive a set number of complimentary screening tickets. It is their responsibility to distribute the tickets fairly among the team members. VFF cannot guarantee tickets for the entire project cast/crew. VFF will provide details on ticket distribution closer to the event date.
